		Time	17:00

FIA Anti-Doping Regulation

There will be anti-doping tests taking place during the Qualifying Practice Session for the 2012 Abu Dhabi Grand Prix.

The Stewards will determine 5 drivers (including one reserve driver) to be designated for urine testing in accordance with Appendix A of the FIA International Sporting Code.

The drivers selected will be informed individually.

The request for the driver to present himself for testing will be made in duplicate.

The 2 copies must be signed by the driver noting the time of receipt on the copies.

One copy is to be presented to the driver; the second copy is to be presented to the doctor designated by the anti-doping authority of the country in which the testing is taking place.

Under no circumstances is any third person authorised to sign on behalf of the designated driver.
